

AED Training Course

Experts in AED Testing for **20 years**, ensuring safety and compliance across New Zealand.

Training Overview

Our sessions combine practical, hands-on learning with clear step-by-step instruction using the Mediana training unit. Participants will practise **CPR and AED pad placement directly on a manikin**, simulating a realistic emergency response.

Duration & Group Size

- ✓ Standard session: 60 minutes
- ✓ Suitable for groups of 2 to 8 participants (up to 8 ensures every participant has sufficient practice time and confidence)

Cost

\$450.00 plus GST per session

Certification & Delivery

Every participant will receive a **Certificate of Completion** at the end of the session. Training is delivered **on your site by a trained first aider**, making it both convenient and tailored to your workplace environment.

Benefits to Your Organisation

- ✓ Builds staff confidence and competence
- ✓ Strengthens health and safety compliance
- ✓ Demonstrates commitment to workplace wellbeing
- ✓ Improves emergency readiness and potentially life-saving outcomes

AED Training Course

Confidence and quick action save lives!
CPR + AED = life-saving combination.
