

TESTntel Guidebook

Professional, Efficient, Intelligent

ABOUT US

At **TESTntel**, we have a team of over **[80]** skilled professionals across Aotearoa — including Electricians, Thermographers, Electrical Inspectors, and more than **[50]** Registered Electrical Service Technicians.

With 20 years of experience in **Safety Compliance** and **Data Systems**, we make sure every site is carefully inspected by experts. All Test Data is verified, securely recorded and easily accessible to you anytime.

OUR SERVICES

- Portable Electrical Testing (AS/NZS3760:2022)
- AED Performance Verification
- Medical Equipment Testing
- Electrical Thermal Imaging Surveys
- Electrical Vehicle Charger Inspection
- Fire-Fighting Equipment Testing (NZS4503:2005)
- First Aid Kit Planning & Maintenance
- Digital Asset Management (TELtag System)
- Parking Services

WHERE WE SERVICE

- Our Technician Locations
- Our Service Locations
(We provide services throughout the country)

OUR TECHNICIANS

All technicians are required to wear **Full Uniform** and carry **Personal ID Cards**, which clearly display their authorised level of work.

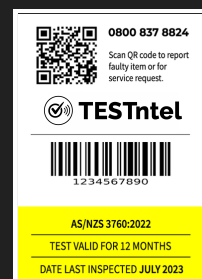

QR CODE SYSTEM

TESTntel uses durable vinyl QR codes on all tested items, recording and tracking key asset details like **test results**, **images**, **location**, and **serial number**.

QR Code Benefits:

- Manage assets efficiently
- Search and update inventory
- Easy inventory updates
- Quick audits with scanners
- Store asset photos

QR Code Tag:

We were finalists for *Service Provider of the Year* at FMANZ in 2020 and 2025.

HOW IT WORKS

1) QR Code Tagging

Once each appliance is inspected and tested, each appliance gets a unique QR Code that links directly to its test results.

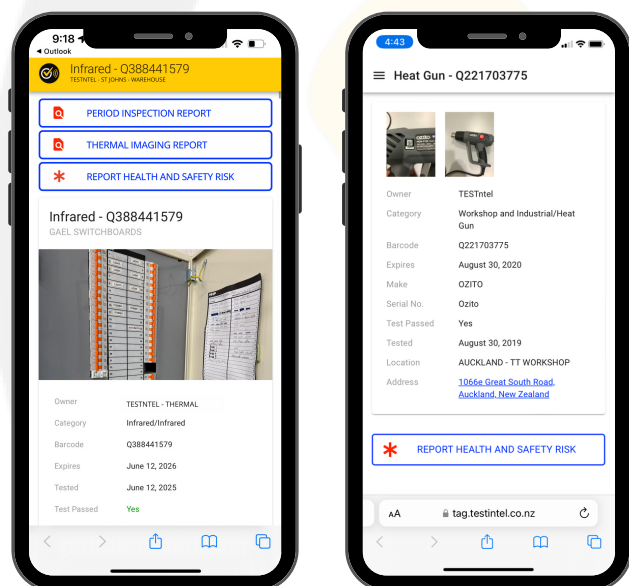

2) Photo & Data Saved

We capture a photo and record key info like the test result, make/model and serial number — all connected to the QR Code.

3) Simple Inventory Management

Voila! You get full visibility and control of your appliances across multiple sites and locations in one easy-to-search system.

- Check your appliance's details

REPORT SYSTEM

Upon completion of the inspection, we can provide your reports in the following formats:

- PDF
- Excel
- Electronically

For clients managing multiple sites, feel free to request reports as needed. Additionally, you will receive exclusive access to your personalised **TESTNTEL PORTAL**.

The database results are securely stored on three separate servers — two in Auckland and one in the U.S. — and are retained for [7] years.

You can request your Asset Database Reports by emailing:

customer.service@testntel.co.nz

For more updated information about our company and services we provided, visit our website or follow us on:
